

Mariam Khan

Old Bridge, NJ 08857 | mariam.khan8@rutgers.edu | 732-520-9055 | www.linkedin.com/in/mariamkhan8

EDUCATION

Rutgers University, New Brunswick, NJ

Sept 2023 - May 2026

*Bachelor of Science in **Computer Science and Data Science***

Relevant Coursework: Machine Learning Principles, Data Management, Introduction to Data Science

Honors: Cum Laude | GPA: 3.5/4.0

TECHNICAL SKILLS

Programming Languages: Python, R, SQL, Java, HTML, CSS, JavaScript

Frameworks & Tools: React, Pandas, Scikit-learn, AWS, Notion, Miro, Tableau, Power BI, Figma, MySQL, Git, Excel

Certifications: AI Product Management Specialization - **Duke University** (via Coursera) | 2026

EXPERIENCE

Product Specialist, Apple

July 2026 - Present

Freehold, NJ

- Diagnosed and resolved product/software issues for **100+ customers** weekly, identifying **recurring pain points** and translating them into structured troubleshooting patterns that improved resolution speed and accuracy
- Designed self-serve training resources for SMB owners that closed product knowledge gaps and cut repeat support inquiries by **15%**, reducing team ticket volume

AI Automation Extern @ Pfizer, Extern

June 2026 - Aug 2026

Remote

- Engineered a **RAG-based** document intelligence pipeline using **LlamaIndex**, **open-source LLMs (Mistral, Phi-2)**, and **OCR** to automate **data extraction** from clinical vendor files, utilizing chunk tuning to optimize context retrieval and ensure high-fidelity structured text extraction
- Spearheaded the benchmarking of **OCR** and retrieval systems, compiling model trade-offs into a strategic report and interactive UI demo that demonstrated a potential **90%+** reduction in manual data-hunting times

Data Engineering Intern, CrisPRO.ai

Aug 2025 - Oct 2025

Holmdel, NJ

- Deployed the **Evo2 genomic foundation model** into CrisPRO's **clinical AI pipeline**, enabling high-throughput variant interpretation for oncology applications
- Mapped and documented **end-to-end ETL workflows** for genomic and clinical data, supporting structured dataset preparation for ML model training and patient-trial matching
- Collaborated with a **team of ~4 engineers** to understand AI/ML orchestration patterns, contributing to preprocessing pipelines for in silico therapeutic design

PROJECTS

Clara: Insurance Claims Automation | RWJH x Rutgers Health Hackathon | [Github](#)

October 2025

- Identified a critical inefficiency in insurance claims review and **defined product scope** for an **agentic AI tool** automating the extraction of unstructured medical data from patient records
- **Led end-to-end product development** at a 48-hour hackathon, coordinating technical and clinical requirements to ship a working demo
- Delivered a **65% reduction in manual processing time** and improved policy and regulatory compliance

Early Alzheimer's Detection | [Github](#)

May 2025

- Defined scope and evaluated feasibility for a clinical decision-support tool targeting early Alzheimer's detection, achieving **83% accuracy** across a 174-subject dataset
- Designed a data pipeline to preprocess 25 multi-modal handwriting trials, translating raw clinical signals into structured features - **reducing noise and improving model input quality**
- Conducted comparative analysis across four algorithms, concluding **Random Forest** as optimal - **informing final model selection and deployment decision**

LEADERSHIP

Co-founder & Marketing Director, *Tech Collaborative*

July 2025 - May 2026

New Brunswick, NJ

- Co-founded a **tech initiative** connecting students and mentors, raised **\$2k+ in sponsorships**, grew social media to **190k+ interactions**, and attracted **70+ attendees per event**, making it one of Rutgers' most active tech organizations

Marketing Director, *United Mission for Relief & Development*

Sep 2024 - May 2026

New Brunswick, NJ

- Spearheaded digital marketing and community outreach campaigns, driving **250k+ digital engagements**, securing **\$20k+ in donations**, and attracting **400+ peak attendees** to fund critical global relief initiatives.
